

# Programme for International Days

**University College of Northern Denmark (UCN) is pleased to invite lecturers from our partner universities to join our International Days on 19-21 November, 2019.**

Participating in the International Days at UCN is an opportunity to share knowledge and experience within your educational field. As an international guest lecturer, you will be invited to collaborate with UCN lecturers, to discuss and share experiences on the United Nations Sustainable Development Goals. During the days, focus can be given to all 17 goals, however Goal No. 4: Quality in Education will be the centre of our discussions.

The international days will feature:

- Presentations by key-note speakers followed by workshops
- Lectures to UCN students
- Panel debate
- Visits to companies and institutions working actively with the SDG Goals
- Networking opportunities

\* Please note that the programme is subject to change
