The agenda may include these items:

- Discussion of selected didactic issues, e.g. planning, teaching, and evaluation/assessment
- Discussion of issues observed during lessons, e.g. classroom management or relational work
- Issues concerning the work with and selection of documents for the teaching practice portfolio
- Issues concerning the synopsis
- Issues concerning the teaching practice exam
- Issues concerning the student's fulfilment of the competence objectives

You may wish to include the portfolio documents in the discussions.
