### **Characteristics and values of the school.**

**A brief description of the school, possibly via a link to a website describing the school:**

Tara Pattana International School was established in 2011. We broadly follow the National Curriculum for England, adapted to blend with Thai cultural values, and supplemented by Cambridge Primary Curriculum Framework for English, Mathematics and Science. TPIS is an all-through school with classes from Nursery (from 18 months) to Year 10 with Year 11 beginning in August 2018. All EY, Primary and Secondary are all located on the same site. The school currently has 198 students in total.

Our aim is to deliver high expectations of learning that inspire students to reach their full potential. The school is the most-centrally located in Pattaya and is set in a well-maintained environment where a banana plantation and a school garden provide a valuable resource for students' environmental, science and geography studies.
